The ***DOD Automatic Identification Technology Concept of Operations for Supply and Distribution Operations*** is **available only behind the USTRANSCOM firewall and thus has limited availability.   You must have a USTRANSCOM web services account to access it.**

If you are operating from a **ustranscom.mil address**, you automatically have a USTRANSCOM web services account and may access the document by clicking on https://webshare.transcom.mil/webshare/controller/dir/.   When the Webshare table of contents appears, click on "AIT (Automatic Identification Technology)" and follow the logic trail to the document.

If you are operating from a **dot.mil address other than ustranscom.mil**, you may request a USTRANSCOM Webshare account. The request procedures are found on this USTRANSCOM AIT web page, i.e., at http://www.transcom.mil/ait/. Click on "Additional Access."   Once you have your USTRANSCOM Webshare account, click on https://webshare.transcom.mil/webshare/controller/dir/.   When the Webshare table of contents appears, click on "AIT (Automatic Identification Technology)" and follow the logic trail to the document.

If you are a **contractor supporting the government with a common access card (CAC)**, you may request a USTRANSCOM Webshare account. The request procedures are found on this USTRANSCOM AIT web page, i.e., at http://www.transcom.mil/ait/. Click on "Additional Access."   Once you have your USTRANSCOM Webshare account, click on https://webshare.transcom.mil/webshare/controller/dir/.   When the Webshare table of contents appears, click on "AIT (Automatic Identification Technology)" and follow the logic trail to the document.

Those without a dot.mil address or CAC, <u>and with a creditable reason for access to the CONOPS</u>, may request that a copy be e-mailed to them. E-mail the request by clicking on "Contact Us" on this USTRANSCOM AIT web page, i.e. http://www.transcom.mil/ait/.
